

# FAME

## Advanced Manufacturing Career Pathways

Employers discovering their workforce of tomorrow – today.

Students launching into their careers today – with no school debt!

FAME is the employers collaborative that supports each local AMT Program at a college partner. Local employers form a FAME group. A local college will then implement the AMT Program, and the employers will sponsor students who will attend school 2 days per week, and work at the sponsoring employer 3 days per week.

As of January 26, 2016: **180** companies in FAME groups.

### TECHNICIAN

### BUSINESS

### ENGINEER

What's your passion?

What's your talent?

How far do you want to go?

Project Lead the Way
