

FAM@USA

FAME BY THE NUMBERS

37 CHAPTERS

- **25 Active Chapters**
(currently enrolled students)
- **12 Emerging Chapters**
(students start Fall 2021)
- Located in **16 states**

350+
Company Partners 

College Partners for Every Chapter

300+
Spring 2020 Graduates

1,100+
Graduates Since 2010

1,800 hours of on-the-ground experience for each graduate 

85% of graduates proceed to direct employment with sponsoring company

AMTs are paid a competitive hourly wage by their sponsoring employer. AMTs starting wages are typically more than **25% higher** than non-FAME graduates

WHY TO RECRUIT THROUGH FAME

- Initiates investment in your company and the next generation of advanced manufacturers
- Facilitates employer-led partnerships between your company and local educational institutions
- Establishes a channel for recruiting diverse, high-achieving and career-oriented students
- Generates a continuous pipeline of global-best, entry-level multiskilled maintenance technicians

DEVELOP THE WORKFORCE OF TOMORROW TODAY

- The Advanced Manufacturing Technician (AMT) program administered under the FAME model leverages a work/learn framework to weave technical knowledge, professional behaviors and distinct manufacturing core exercises into a focused co-op experience
- Professional behaviors and practices are introduced and reinforced throughout AMT programs through a “learn it and live it” approach
- In total, AMTs gain nearly 1,800 hours of experience over the course of the program, working three days a week and attending class two days a week
- Upon graduation, AMTs will demonstrate mastery in the Manufacturing Core Exercises (MCE’s) of Safety Culture, 5S Organizational Management, Lean Manufacturing, Problem Solving and Machine Reliability

YOUR GLOBAL-BEST PIPELINE

Join local FAME chapter

Form partnerships with local educational institutions

Recruit high-achieving high school graduates for AMT program

Provide AMT students with two years of valuable work experience and hands-on instruction

Graduate students who are now equipped with the experience and skills needed to succeed in your workforce

Hire global-best, entry-level multiskilled maintenance technicians

A HISTORY OF DEVELOPING GLOBAL-BEST TECHNICAL TALENT:

- The Federation for Advanced Manufacturing Education was founded on June 24, 2010, in Kentucky through a partnership between Toyota and the Bluegrass Community and Technical College
- Today, FAME is the nation's premier manufacturing education program for students launching careers, workers learning new skills and veterans seeking new careers in manufacturing
- Implemented with a college partner, FAME programs are a conduit between industry and education, providing companies with the skilled worker pipeline they need to remain globally competitive
- Since its inception, FAME has expanded to include chapters across manufacturing sectors and the country, training hundreds of world-class multiskilled technicians each year
- Over the past decade, FAME has become a trusted employer-led talent solution implemented by more than 300 company partners
